

## TOR's of Assessment Committee

### **Mandate:**

Assessment committee is responsible for ensuring the integrity, validity and reliability of assessment. Their mandates typically include:

### **Responsibilities:**

- To develop and review assessment policies and procedures in undergraduate medical education.
- To ensure assessments are aligned with the curriculum and educational outcomes as designed by affiliated university and PMDC.
- To evaluate and monitor the effectiveness of assessment practices.
- To provide recommendations for improvements in assessment methodologies.
- To ensure compliance with accreditation standards and best practices in medical education.
